

## **SPLIT ENTRY**

GCNS follows the Calgary Board of Education school calendar. We start with a split entry which is meant to help the children ease into school. It gives them an opportunity to check out the classroom, meet the teacher, meet a few children and be introduced to the classroom routine. As many children are apprehensive about having parents leave on the first day and parents often stick around, the classroom can become quite full. Having only half the children makes the classroom less busy, less noisy and hopefully less intimidating. The split entry also allows our teacher(s) the opportunity to focus on meeting each child.

**The split entry works as follows:** On the first scheduled day of classes, only the first half of the students on the class list attend. On the second scheduled day, the second half of the students on the class list attend. Then on the third scheduled class, all students will attend. You will receive your child's split entry date at the AGM in June and will also be emailed this information.
